An official Note re. Cenotaph Paper

— —

In my letter dated 4th June '30 I requested permn to place orders for paper for slips & schedules on the mills recommended by the Cenotaph Comm as agreed to by the Secy Stores Purchase Comm. In the meanwhile as the price quoted by the Dy Controller of Stationery, Calcutta for the Schedule paper (unbleached printing paper) was considered rather high by our Stationery Supdt (Badami paper of the same size being available from an contractor at a lower price, Rs 5-10-8) I addressed the Cenotaph Comm suggesting that the price might be got reduced. He has written to say that if paper could be got cheaper here I might buy it here. On this I got information by telegram from the Govt's contractor, the Deccan Paper Mills, Poona, through the office of the Secy Stores Purchase Committee that Badami Paper of the required quantity & size prescribed can be supplied in a week. The paper is cheaper & may I think be got in preference to the unbleached printing paper recommended by the Cenotaph Comm. The only question is whether it is of good quality & compares

as proposed by the Secy: S.P.C.

NOTE—Contn. Sheet.

well with the unbleached printing paper. I consulted the Superintendent Stationery regarding this. As samples of the unbleached paper are not received he is unable to say how ~~the~~ these Badami paper supplied by the Contractor compares with the former. He is however of opinion that this Badami paper is quite good and will suit the purpose. I agree in this view. I would therefore modify the proposals previously made & request sanction to get the schedule paper from the Govt Contractor and only the other three kinds of paper from the mills recommended by the Chief Censor Court. The purchase of the Badami paper at Contract rate in place of the unbleached paper at the rates quoted by the Controller of Stationery Calcutta results in saving of Rs 8-- (two Rs at Re 1-10-8- per ream less

OFFICE OF THE CENSUS SUPERINTENDENT IN MYSORE,
RACE VIEW. HIGH GROUND,

Bangalore. dated 21st May ..... 193 0.

FROM

M. VENKATESA IYENGAR, ESQ., M.A.,
CENSUS SUPERINTENDENT IN MYSORE.

To

N. Madhava Rao, Esq., B.A., B.L.,
Chief Secretary to the Government of Mysore
B a n g a l o r e.

Sir,

I have the honour to enclose herewith for favour of perusal copies of communications from the Census Commissioner for India regarding Census paper and copies of letters from the Superintendent of Stationery and the Secretary, Stores Purchase Committee in the same matter. Paper of the size and quality required for Census work will have to be specially manufactured. Census paper required for the last Census was all obtained through the Census Commissioner. As it is desirable to place the order as early as possible, I have intimated both the Census Commissioner for India and the Deputy Controller, Stationery, Calcutta, the quantities of paper required for the State, and request approval of Government to the action taken

I have the honour to be,

Sir,

Your most obedient servant,

M Venkatesa Iyengar

CENSUS SUPERINTENDENT.

Letter No.29-Genl. dated the 29th April 1930 from the Census Commissioner for India, Simla to the Deputy Controller of Stationery, Calcutta.

I have the honour to acknowledge the receipt of your letter No. P.9.4 dated the 17th April 1930 and your telegram No.P.9.7 dated the 22nd April 1930, and to state that I have no objection to unbleached printing paper being substituted for badami paper for the census forms and slips nor do I insist on having paper weighing 24½ lbs. The paper weighing 24 lbs. to a ream will do for census slips. What I am concerned about is the sizes of the different kinds of paper required by me. The paper mentioned in my letters No.29-Genl., dated the 20th March 1930 and 3rd April 1930 will be required for Census slips and the paper stated in my telegram of the 21st April 1930 is wanted for the census forms. The quantity of paper has been roughly estimated here and I note that you would be able to arrange the supply of:

(1) 15,000 reams of unbleached printing paper weighing 24 lbs per ream of 480 sheets measuring 18" x 22";

(2) 4,000 reams of coloured paper weighing 60 lbs. per ream of 500 sheets measuring 24" x 40½" ;

(3) 2,000 reams of Double Royal Brown Cartridge paper measuring 41" x 25" weighing 42 lbs. at Rs.6/9/0 per ream a n d

(4) 15,000 reams of unbleached printing paper measuring 40" x 25" weighing 32 lbs. at Rs.7/1/4 per ream.

The first two kinds of paper will be needed for the census slips and the latter two for the census forms and schedules. I may mention that the quantity of paper for any particular colour will not be less than a ton in any case, but it is difficult at this stage to estimate requirements for each colour separately. Paper for covers (3) and for the schedules (4) will be in demand soon by all Provinces and States— and I am therefore intimating to them the contract rates for the same and your ability to supply. I would like to know at your leisure the contract rates you settle for the paper for census slips. The rate for (1) was 0-4-0 per lb. and for (2) 0-7-6 per lb. on the last occasion and it is anticipated that it will be considerably lower now.

Sd/-. J.H.Hutton,
Census Commissioner for India.

No.29-Genl. Simla, 29-4-30.

A copy forwarded for information to All Superintendents of Census Operations.

Sd/-. J.H. Hutton,
Census Commissioner for India.

"C o p y."

T. Venkatarangam 22/5.

for Census Superintendent in Mysore..

vvk.

No.29-Genl. Dated:16th May 1930.

From J.H.Hutton, Esq., D.Sc., C.I.E., Census Commissioner for India, Simla, to All Superintendents of Census Operations.

In continuation of my endorsement No.29-Genl. dated the 29th April 1930, I have the honour to enclose herewith a copy of my letter to the Deputy Controller, Stationery, Calcutta, regarding arrangements of paper for Census forms and to request you to let me know at an early date the several amounts of the four kinds of paper, that you are likely to indent for from the Deputy Controller.

2. The procedure for placing orders and payment of bills will be the same as at the last Census, i.e., orders are to be placed direct with the Mills by each Superintendent of Census Operations and supplies will be made direct, copies of all orders and correspondence with Mills being sent to the Deputy Controller, Stationery, Calcutta, to enable him to take action on complaints regarding delay in supply, if any. Payments are also to be made by each Superintendent of Census Operations on bills submitted to him direct.

3. The contract rates for the paper for census slips are noted below:--

Item (1)	Rs.	0	3	5	per lb.
Item (2)	"	0	3	7	per lb.

"Copy."

J. Venkata Rangan

For Census Superintendent.

14 Copy of letter No.29-Genl. dated the 12th May 1930 from the Census Commissioner for India, Simla, to the Deputy Controller of Stationery, Calcutta.

With reference to your letter No.P.9/13 dated the 9th May 1930, I have the honour to enclose hrewith a list of Provincial Superintendents of Census Operations together with their addresses, as far as they are known to me here and to state that a statement showing the requirements of each Superintendent of Census Operations will follow.

2. Your presumption in sub-para (2) of para 2 of your letter is correct.. The procedure will be the same as in the last Census.

3. It is presumed that the Superintendents of Census Operations will indent on you for any articles of stationery they require, unless they can make cheaper arrangements elsewhere.

As regards the 2nd part of your para 3, it is understood that the question does not now arise as all the Census operations are now a liablity of the Central Government.

4. I will informall the Superintendents of Census Operations, on hearing from you as to on which Mill each should indent. I take it that the extra packing charge of one pie per pound charged last Census is to be waived this time.

"Co py".

J. Venkata Rangan
21/5

For Census Superintendent.

D.O. Letter No. S.163 dated the 6th May 1930 from the Superintendent, Government Press and Stationery, Bangalore, to the Census Superintendent in Mysore, Bangalore.

With reference to your D.O. No.31 dated the 6th instant, re: paper required for Census work, I write to inform you that your calculation regarding the quantities required of each kind of paper is approximately all-right. But as regards price, the cost of Brown Cartridge Double Royal (item3) works out more or less all right as compared with our prices, but that of item No. 4 unbleached printing paper double royal, is rather costly as compared with the Badamy Double Royal paper 32 lbs. bought by us this year @ Rs.5-10-8 per ream.

I may inform you that the required paper has to be bought through the Stores Purchase Committee.

D.O.Letter No.15727 dated the 19th May 1930 from the Secretary, Stores Purchase Committee, Bangalore, to the Census Superintendent.

With reference to your D.O. letter No.41 dated the 9th May 1930 I am desired to state that the rates mentioned in the letter of the Census Commissioner for India for papers referred to under - items 1 and 2 unbleached printing and coloured papers - are those that prevailed many years ago and as the current rates have not been furnished, it is not possible to say whether our rates are lower. The rate for item 3 - Brown Cartridge paper - ~~do~~ is reasonable, while there is an appreciable difference in the case of item 4, but it is not clear what this is due to.

As, however, the Deputy Controller of Stationery, Calcutta, buys on a large scale, his requirements from the same firms as quote(d) to us for supply to all the British Indian Provinces for Census work, the rates obtained by him would probably be the same as ours, and the special sizes and qualities of papers required by you have to be specially manufactured. I am in these circumstances to state that the materials required by you may be obtained from the Deputy Controller of Stationery, Calcutta, directly.

In this connection, I would suggest that the question of the higher price for unbleached printing paper(item 4) may be taken up with the Deputy Controller of Stationery and a reduction thereon obtained if possible.

"C o p i e s".

For Census Superintendent.

Chief Secretary to the Govt. of Mysore,
Bangalore.

R. No 7317 - 6/6 6/6 6/6

1180

Sir,

In continuation of my un-official note No. 255 dated the 4th June 1930 in the matter of paper for census slips and schedules, I have the honour to state that I have this day received a communication from the Census Commissioner regarding the arrangements made by the Deputy Controller, Stationery, Calcutta. All orders for coloured paper are to be placed with the Titaghur Paper Mills Co., Limited, Calcutta, and those for brown cartridge with the Bengal Paper Mill Co., Limited, Calcutta. Orders for unbleached printing paper for slips and schedules required for the State should be placed with the Titaghur Mills. As orders for paper placed with the mills are likely to be executed in the order in which they are registered by them, I desire to write to the Mills without any delay. I request therefore that orders of Government permitting purchase of the paper indicated in my un-official note may be kindly obtained and communicated to me early.

I have the honour to be,

Sir,

Your most obedient servant,

M. Venkatesaiyengar

Census Superintendent.

The corrected file was sent on 6/6 with copy of approving of the Census Supdt's proposal. The return of the file from the Ch. Sec is awaited
